SAMUEL GRIERSON, Esq.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company, of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. ~~At this date (May 14)~~ the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National. I remain, yours respectfully,

EXCELSIOR!—I have recently bought at great cost two of

THE BEST CAMERAS IN THE WORLD.

The maker of one, J. H. Dalmeyers, of London, received a gold and silver medal at the Paris Exposition. The other is a Parallactic Solar Camera, made by the celebrated optician, Herman Roettgers, of Germany. The best judges pronounce this the best instrument in the world. With the

BEST INSTRUMENTS,

The best of light and the best materials, I guarantee Pictures to surpass any thing in the State, and to

EQUAL ANY IN THE WORLD,

Either from old ambrotypes, Daguerreotypes, or from life. I am prepared to make any size picture as good, if not better than the original from fingering size up to full life size.

In making this announcement I would return my grateful thanks for the very liberal patronage bestowed upon me in the past, and pledge my best efforts in producing GOOD PICTURES in the future. The best judges are most pleased, and speak most flatteringly, but the pleasures will speak well for themselves. Come all and see.

Those owing me for Pictures will confer a great favor by paying their bills at once, and save annoyance, if not cost.

PIANO-FORTES.

The last new addition to our different styles is attracting the admiration of both critics and populace. We mention gratefully some of the claims of this new Piano. Believing the exterior should be as beautiful to the eye as melody to the ear, we have paid great attention to getting them up in a style that is unequalled by all who have done them to be the handsomest Piano-Fortes made. They are an entirely new style, with four round tapering, heavily carved legs and lyre, base richly moulded and containing our latest improved new style and action. The tone is melodious, and its adaptability to passages of every shade of expression, from the softest murmur, the Crescendo, and the FF, gives the performer every advantage of the Concert ground.—Price $600. STATE NEWS.

DISTRESSING SALES IN ORANGE.—We heard much talk of 20,000 acres of land advertised for sale by the Sheriff of Orange, to be sold on Monday last. The Sheriff gave us the list of land to be sold. Omitting town lots we could count only 8,658 acres. The sale was not completed on Monday; one day was not sufficient to work so much ruin. The lands we are told did not average more than one dollar and thirty cents per acre, and yet some of the best lands of the county were sold. There is no chance under the Sheriff's hammer to get anything like the true value of lands.—*Sent.*

GOVERNOR WORTH.—Gov. Worth and lady arrived this morning on the train from the West. The Governor and Mrs. Worth have been spending sometime among their friends and relations in Randolph. We regret to say that the Governor's health is anything but good. He is looking feeble and much reduced. He sets out soon for the Virginia Springs. We hope its waters may restore him to health. *Ib.*

J. T. Harris, Esq., has resigned his position as mail agent on the N. C. R. R. between Goldsboro and Charlotte.—*Standard.*

REPORTED KILLING.—From passengers by yesterday evening's train, says the *Journal of Commerce*, we learn that a few nights ago a young man named Stephen Hines was killed in Lenoir county, bridle in hand, in the very act of stealing a horse, None of the particulars have transpired. *Ib.*

KILLED BY LIGHTNING.—We are pained to learn that a young lad named Leonidas Beattie Lamb, aged 13 years and 9 months, a son of G. W. Lamb, Esq, was struck by lightning and instantly killed while hunting on the beach at Myrtle Grove Sound Saturday afternoon last. He had crossed over to the "banks" with a little negro about the same age, both having guns, for the purpose of hunting marsh hens.—*Journal.*

A Princess in a Beer Saloon.

[From the New Orleans Picayune.]

Some years since the daughter of Prince Henry of Reuss-Greiz, a small German principality in the middle of Germany, became deeply attached to a young subaltern who commanded the annual contingent furnished the army of the King of Prussia. Of course all thought of marrying him with the consent of the Prince was out of the question; but it was arranged that the young lieutenant should resign his position in the army and together they would escape to the United States. Embarking at Antwerp they came to New York, and were married there. But being young and without experience in the ways of the world, their little means were soon exhausted, and they found themselves in a strange land, friendless and in poverty. They were afraid to communicate with any of their countrymen, lest the circumstances of their flight should become known and themselves arrested.

Unacquainted with our laws, and supposing that the authority of their petty prince was as potent here as among the grain fields of their native land, they sought obscurity and shrunk from their names and station being blazoned abroad. At last, pushed to the extreme of poverty, the husband, who was an excellent musician, obtained a situation in the orchestra at Niblo's Garden, but learning that inquiries had been made by the Prussian Consul of their presence in the city, he threw up his engagement and came South, and in the summer of 1867 fell a victim to the yellow fever. His wife, now left alone, and reduced to the extreme verge of poverty, applied for and obtained a situation in a beer saloon in this city, where she now is.

It is a strange episode in real life, but a true one, and exhibits as no moralist could describe the vicissitudes of fortune. She is now perhaps 25 years of age, small in stature, with an elegant symmetrical figure, and face decidedly pretty. Her face is shaded with light brown curls, and her manners and conversation evince one accustomed to good society. She displays a good deal of reluctance in talking to strangers, but once interested in conversation, she becomes animated and engaging. She seems to feel her questionable position very sensibly, and the slightest allusion to what she was and is now, is sufficient to provoke her to tears.

A negro alderman was present at the Gettysburg celebration, and was refused admission to the hotel. Having, during last winter, waited on a distinguished congressman who was in Gettysburg at the time, he applied to him to use his influence in his behalf with the hotel man. The representative declined to interfere, and the darky stayed out in the cold. The Mayor of Washington, who was present, did his best for the negro, but he failed to stir the landlord.

An India Rubber Belt four feet wide, three hundred and twenty feet long, and weighing 3,600 pounds, has recently been manufactured for a Grain Elevator at Buffalo. It is said to be the largest belt in the United States.

THE SPANISH MISSION.—Mr. John Hay is appointed Secretary of Legation at Madrid, in place of Mr. Perry.

We congratulate Mr. Perry that he is relieved from a shameful association, to which he would be obliged to submit on the arrival of Daniel E. Sickles as our Minister to Spain. If the country is to be dishonored by being represented abroad by a person so infamous as Sickles, it is very proper that a worthy man like Mr. Perry, who has rendered the country essential services in various ways, should be displaced. He ought not to be made to bear more of the disgrace of being so represented than would be the share of other citizens of the United States. The list of crimes committed by Sickles, which the other day was published in the World newspaper, has met with no denial, not even the feeblest attempt at extenuation. The same paper, of the day before yesterday, contains an expansion of these charges, with the addition of others, bringing down the horrid catalogue of his villanies to a late date. This has been answered only by a discreet silence.

Of Mr. Hay, who is a young man of talent and respectable character we have nothing to say but what is favorable. If he accepts the appointment we shall condole with him in the same sincere spirit that we congratulate Mr. Perry.—*New York Evening Post, (Republican.)*

The New York *Herald* appears to have fallen out with its pet, Gen. Hiram Ulysses. In a recent issue it says:

"All the virtue of Grant's administration seems to evaporate in its good intentions. Every now and then it makes a grand splurge toward some well defined object in the nature of reform of abuses; and scarcely have the people done applauding before it has changed its mind and determined not to do what it promised."

Female Suffrage—Count de Gasparin's View on the Question.

The *Pall Mall Gazette* states that Count de Gasparin's new work, *L' Egalite*, shows a good deal of familiarity with the contemporary politics and the course of social events in England and America. It consists of a series of decidedly diffuse "conferences" held last winter at Geneva on the subject of its title. A lengthy "note" is appended on "Women and Political Equality," which contains some sensible remarks. Supposing women to be given votes, he says:

"The female elector will fill her *role* as mother equally ill with that of wife; they will both be lost in the whirl of politics. In the first place, public life claims time. Those who invite woman to become a man, really only wish it to a minimum extent. Unfortunately, logic has its inexorabilities. One is a man or one is not. One enters public life or one does not; it is a question of taking up or letting alone. The women who embark in public affairs must devote a portion of their lives to reading the journals, studying public and political opinion, assisting at public meetings, and following parliamentary discussions. * * * * * * * * *

We should see women's clubs, *salons* of political women, and journals written by women (very well written. I doubt not). We should have to stand by at the coming of the female man (*femme homme*), inferior both to the woman and to the man, who would have renounced all grace and not have exchanged it for strength. Think of woman delivered over to the press reports, to the insolences of caricature. Trained to the contest, giving and taking hard hits, she would soon lose the charm of softness and modesty, which are at once a charm and a defence. I know well what the family would lose; I wish to be informed what politics would gain. Would there be less intrigue, fewer passions, less prejudice, fewer personal questions taking the place of questions of principle? * * * * * * * * *

Woman is superior and influential only on condition that she is a true woman. Take from her neither her silent action nor her noble domestic empire, which includes her household, her children, her husband, too, and in addition to these the sick and the indigent. Deprive her not of her exquisite sensibility nor her ermine-like delicacy; do not plunge her into the rude whirl of out-side affairs. She will lose all, even to her grace, even to her beauty. The political woman, the blue-stocking, the woman who has exchanged the family for the public, stands already before us in the road on which we are urged as a warning and a scarecrow. * * * Still I am not scandalized when I occasionally see a woman filling a man's part no more than when I see a man taking a woman's. A poor widower may keep house and become almost the mother of his children without our building theories upon it."

SPEECH OF SERRANO AFTER BEING CREATED REGENT.—With the creation of the constitutional power which you have deigned to confide to me, and which I gratefully accept, a new period of the revolution of September commences. The epoch of great dangers is passed and another of reorganization commences in which we have nothing to fear, except it may be from our impatience, our distrust, or our exaggerations. We have first raised the stone which weighed upon Spain, and we have afterwards constituted her under the monarchial form, traditional with our people, but surrounded with democratic institutions. The moment has now arrived to enrol and consolidate the conquests realized, and to fortify the authority which is the protection of all the rights and shield of all social interests, strengthening, at the same time, our diplomatic relations with the other Powers. The enterprise is difficult for my weak powers, but your high wisdom, the decided adhesion of all the sea and land forces, the vigorous patriotism, of the citizen militia, and the sensitive and noble spirit of our regenerated nation inspires me with confidence in the results. From the post of honor to which you have elevated me I do not see political parties. I see only the essential code, which is obligatory on all, and on me the first, and which will be obeyed and respected by all. I see our beloved country as anxious for stability and repose as she is eager for progress and liberty. Finally, I see as supreme aspiration in the fulfillment of my honorable trust the end of an interregnum, during which the Constitution of the State will be practised sincerely and loyally; individual rights will be exercised peacefully and orderly; our credit will be augmented both in and out of Spain, and liberty be extended upon the firm base of moral and material order, so that the monarch whom the Cortes Constituyentes may hereafter elect may commence his reign prosperously and happily for the country, to which I have consecrated all my anxieties, all my watchfulness and my whole existence.

ABOUT SO.—A daughter is almost always right when she endeavors to imitate her mother; but we do not think the mother is equally right when at a certain period of life she tries all she can to imitate her daughter.

SPECIAL NOTICES.

Conclusive Evidence in favor of Hostetter's Stomach Bitters.

W. H. Reese, a leading druggist in Monticello, Ill., in a letter of June 6, 1868, writes to this effect: "Having sold Hostetter's Bitters for the past four years, I cannot but speak of the article as being the best *tonic* and *appetizer* extant. During the ague season of 1865—6 I could not keep a sufficient stock on hand to supply my customers. In fact your Bitters was *as staple as quinine*. I learn that physicians prescribe it all over the western country. Indeed, a great many families *think they are not safe* without your invaluable tonic."

J. K. Witherspoon, Esq., a magistrate of Kershaw county, S. C., states, under date April 13, 1868, that he has used the Bitters constantly in his own family for the previous two years. He first tried the preparation when suffering from exhaustion produced by a severe attack of fever. Before the first bottle was finished he experienced a remarkable change for the better. He had tried brandy at the outset, but found that did him more harm than good. In one month from the time he commenced using the Bitters his health, strength and appetite were restored. He had recommended the article to others in like circumstances, and never known it to fail, and had found it a perfect specific for chills and fever.

Mr. Samuel Young, of Clarion, Pa., under date April 6, 1868, certifies that he was completely cured of "one of the most distressing attacks of dyspepsia that ever afflicted any mortal," by three bottles of the Bitters, after "various other remedies had proved powerless." Restored to perfect health, he thanks "that excellent preparation for the result."

Dr. G. M. Spencer, of Bush Creek, Perry Co., Ala., writing thence Feb. 8, 1868, says: "I have used your Stomach Bitters for several years in my practice, and find them superior to most of the Bitters now prescribed by the profession generally."

SPECIAL ATTENTION is called to the condition of back lots, alleys, stables, privies and cellars in certain portions of the city. All such places should be kept thoroughly cleansed, especially during the sickly season. It will cost but little of trouble or expense and may save much to our healths and purses. It is earnestly recommended therefore, that all accumulations of offensive matter within or near the city limits be promptly removed. And it is hoped that in a matter of such vital importance a mere suggestion will be sufficient, without a resort to compulsory measures. Considerations of duty to ourselves, our families and neighbors should prompt such action at once as to quiet all apprehensions on the subject. Should there be cases however, requiring the attention of the police, it is requested that they be reported to the marshal.

Broadaway's photograph of the Masonic Bazaar is very fine. We have one which looks almost like a chromo. Broadaway is a capital artist, and this picture is as good of its kind as could be.

THE BAZAAR.—On Wednesday evening we went. The decorations, illuminations, etc., surpassed our expectations. The whole was really beautiful, and reflected the highest credit on all whose handiwork it was. The tables were elegantly decorated and filled with everything to tempt the appetite and please the eye. Not only were there ice cream saloons, soda fountains, lemonade springs, but sparkling champagne fountains, from which an excellent wine was dispensed.

The crowd was very large and the receipts corresponding. We have not yet learned the total amount of receipts, but at the Post Office about $85 were taken in. It was a grand success, and we trust it will continue to be liberally patronized as long as it continues.

OLD NORTH STATE DISTILLERY.—Whiskey will be drank however much good men may strive to restrict its use. If this is a fact, it is important to those who will drink it to know where to get a pure and genuine article. We have asked those who know, and all say the whiskey made at the Old North State Distillery is a pure and healthy article—indeed, we have not a doubt of it.

Then do not get Northern, but home-made whiskey upon which you can rely. The Northern Press say that a pure article cannot be had in the great city of New York.

Complaint was recently made to the London authorities by persons residing in the neighborhood of a chignon factory that the process of preparing human hair by baking and boiling was an intolerable nuisance, but the officers did not find any warrant for proceeding to abate it.

A local paper in Iowa lately published the fact that the ball on the cupola of the county court contained a quart of whiskey, and all the loafers in the town have since that time spent all their time in devising a plan to obtain possession of it.

A man in England charged with bigamy, makes the defence that his first wife was his uncle's widow, and that the marriage is void, so that he has really been married but once. The interesting question has not been decided.

Brownlow was recently telegraphed to by the Postmaster General as to what sort of a man H. Roy Meyers, a carpet-bagger who wanted to be made mail agent, was. He replied: "The worst man unhung," and Mr. Creswell appointed him.

A young man, "illiterate but polite," on being invited to attend a wedding, sent a note in response saying, "I regret that circumstances repugnant to the acquiesce will prevent my acceptance of the invite."

Commenced, April 3d,

APPLETON'S JOURNAL

A WEEKLY PAPER,

Devoted to Literature, Science and Art.

Omitting ordinary news, and avoiding partisan advocacy, both political and sectarian, the JOURNAL will be devoted to general literature, to science, art, and education, and to the diffusion of valuable information upon subjects of public importance. It is intended to make use of all resources, original and selected, domestic and foreign, which can give interest and variety to its pages; and neither exertion nor expense will be spared to secure the aid of the best talent of the time. We abstain from the large professions and the parade of conspicuous names so common on these occasions, and, trusting to the intelligence of the people, shall be content to let the Journal speak for itself.

The department of literature will embrace:—

Fiction, in the form of both Serial Novels and short Stories;
Essays upon Literary and social Topics;
Sketches of Travel and Adventure;
Discussions upon Art, Books, and Kindred Themes;
Papers upon all the various subjects that pertain to the pursuits and Recreations of the People, whether of Town or Country; and
Poems by our Foremost Poets.

Illustrations will form an important feature in the plan of the JOURNAL. Nearly every number will be accompanied by either an

Illustrated Supplement on some Popular Theme, a Steel Engraving in the best style of the Art, or a large (Quarto) Engraving on Wood.

No. 1.—*Contains a Cartoon of the Grand Drive in the Central Park, a Spirited and Animated Scene.*

No. 2.—*Contains an Eight-Page Supplement of Underground Life and Mining, with 10 Illustrations.*

No. 3.—*A Steel Engraving of Noon on the Seashore, from a Picture by Kensett.*

No. 4.—*An Art Supplement, containing New York Illustrated with 13 Superb Illustrations.*

No. 5.—*A Superb Cartoon of the Levee at New Orleans.*

Novelty, freshness, and continual change will be aimed at in this department. The Illustration will usually be reproductive works of art; those on steel, and the Cartoons, consisting of views of American scenery, by our most distinguished painters, and illustrations of character and life, by our foremost draughtsmen. *They will be printed with care on separate sheets,* and may be either bound in the volume at the close of the year, or framed to hang upon the wall. *The JOURNAL, in this feature, will be unlike any other.*

Each Number of

ROCKBRIDGE ALUM SPRINGS, VA.

THIS favorite and celebrated summer resort is now in complete order for the reception of guests.—Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. As an

ALTERATIVE, A DIFFUSIVE STIMULANT, AND TONIC.

There is no known mineral water equal to it. In all enfeebled conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtue as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class as ailments peculiar to the female constitution.

The Proprietor will have provided for the Laws and Ball Room a first-class BAND OF MUSIC, and in general, all the comforts of amusement and recreation, usually found at our best summer resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 13 hours of Richmond, Washington, Baltimore and Lynchburg, by rail, ALL IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

The Rockbridge Water, put up in GLASS, containing ALL its medicinal qualities can be had at the well-known Drug houses of

JOHN H. McADEN, *CHARLOTTE, N. C.*

WILLIAMS & HAYWOOD, *RALEIGH, N. C.*

who will furnish on application, pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many of the wonderful cures made by these waters.

CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF

FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

ITS SUCCESS.

PARLOR HEATERS,

HOT-AIR FURNACES, &c.

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANLY, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market. Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 36 hours with once firing.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.
